

Life is short.  
Work somewhere awesome.

We are Europe's leading mobile wallet and are looking for outstanding talent and experts to join us on our quest to become the No.1 mobile wallet in the world. With passion and by using cutting-edge technologies, Stocard aims to make daily shopping experience easy, engaging and rewarding all over the world.

Backed by some of the top investors in Europe, Australia and the US, we have built a user base of more than 40 million people across the globe. Stocard is looking for smart, talented and creative people who share our vision, live and breathe mobile technology and want to be an active part of our journey! Ambitious projects, tricky challenges and lots of fun are waiting for you. Are you up for that?

## GRADUATE PROGRAM: INTERNATIONAL ENTREPRENEURSHIP (full-time, m/f)

Looking for a career jump start in a fast-paced fintech and tired of reading about traditional trainee programs? As part of our 2-year international entrepreneurship graduate program you carry on our mission to become the no.1 mobile wallet and take it out to the world. One year in our HQ, one year in one of our core markets abroad - that's the deal! You'll gain first-hand experience in a growing tech startup and learn what it takes to push a successful product on a global scale. Life is short. Turn your career into something awesome and shape the future of shopping together with us!

### SOME PROGRAM INSIGHTS...

#### Your 1<sup>st</sup> year

- The first year is all about getting to know the product from a technical and commercial perspective
- Work with international sales teams and distribute learnings and best practices
- Help us rolling out new products
- Explore opportunities to further develop our core business and evaluate new ideas
- Gather insights from core markets and translate them into actionable tasks for our product and tech teams

#### Your 2<sup>nd</sup> year

- In the second year, you'll join one of our offices in Sydney, Rome, Amsterdam, Paris or Toronto - or help us launching a completely new one!
- Depending on your destination, you'll focus on different projects and face different challenges
- Scale our business in established markets by rolling out new products or build an office from scratch in a new market - you shape your own experience

### SKILLS, MINDSET AND EXPERIENCES EXCITING TO US...

- Interest in mobile wallets, fintech startups and apps
- Excellent masters degree in Business Administration, Economics, Business Informatics or related field
- First relevant internship experience in consulting and/or at a startup
- Curious in nature with a strong analytical mind
- Self-starter with a strong hands-on mentality
- Striving to make an impact in a proactive and flexible way of approaching projects
- Motivated by an international and fast-paced work environment with a strong team spirit
- Strong communication and negotiation skills in English (other languages are a plus)

### THIS AND MORE IS AWAITING YOU...

- An energetic and motivated team in a product-focused culture
- An inspiring working atmosphere in a beautiful open office space with a spectacular view of the waterfront
- Excellent equipment of your choice and access to the best tools available
- Skill sharing, tech talks
- Regular team lunches, fresh office snacks & drinks
- Enjoy a healthy lifestyle with our subsidized gym membership
- Full coverage support of visa and travel

### ARE YOU UP FOR THE CHALLENGE?

To apply for this position submit your documents in English or German via <http://stocard.de/jobs> or send your complete application to [iwanttowork@stocard.de](mailto:iwanttowork@stocard.de).  
Your contact: Sabrina Angersbach.
