

## About us

We digitize the logistics industry, a €250+bn market in Europe! As the leading online road freight forwarding company in Germany, we offer business customers a fully digital booking experience for logistics services – with one click only and as simple as online shopping.

## Junior Project Manager (m/f/d)

### Your tasks

- Plan, launch, and execute cross-functional projects that enforce the overall company strategy
- Understand the requirements and challenges of different functions and develop smart solutions
- Coordinate internal and external resources and stakeholders
- Work closely with our Tech-Team to drive innovative logistic solutions
- Learn fast through direct interaction with the management team
- Enhance your analytical and project management capabilities
- Become an expert in logistics and challenge the industry's status quo

# Your Profile

- You have earned a university degree in economics, logistics, business or similar fields
- You have gained at least 1 year of professional experience in a similar role or, alternatively, multiple successfully completed internships (3-6 months each), preferably in a startup environment
- You have a high degree of comfort with analytics, numbers and the capability to draw decisions based on both intuition and data
- You are capable of cracking complex problems in a fast-paced professional environment
- You have excellent time management skills, the ability to handle multiple tasks and prioritise work in a fast-paced environment
- You are hands-on with an entrepreneurial “can do” attitude
- You possess extraordinary excel and PPT skills (Python and SQL is a plus)
- You are passionate about moving things forward, take full ownership of your projects and drive them with full force with a hands-on mentality
- A creative mind with an ability to suggest improvements
- You are willing to go the extra mile
- You are fluent in German and English

# WHAT WE OFFER

## Take the driver seat

- **Take charge** - From day 1 on, be in charge of your own tasks and make meaningful and responsible decisions.
- **Realize your ideas** - Be creative. Be innovative. Expand your horizons and show initiative. We help you turn your vision into a reality.
- **Learn from your mistakes** - Take risks, make mistakes and learn from it.

## Hit the gas pedal

- **Be in charge of your own pace** - From the beginning, work on exciting and challenging projects which guarantee a steep learning and development curve - on a factual as well as a personal level.
- **Draw from the full source of inspiration** - Eager for knowledge and full of enthusiasm? For this we offer you a broad variety of learning and advanced training opportunities; from our internal “Workshop Wednesday” to selected

specialist literature up to extreme education and training.

- **Fulfill yourself** - Bring out your hidden potential, reach out for the stars and move over big heads.

#### Enjoy the ride

- **Learn from the best** - We combine logistic-expertise with entrepreneurial thinking, a startup mentality and the vision to revolutionize a whole industry.
- **Experience our team spirit** - Become a part of our dynamic and determined teams which have short communication ways and a flat hierarchy. We support each other and hold together.
- **Have fun** - We are more than colleagues. During parties and events we regularly spend time together and strengthen our team spirit. For a productive work environment we offer you everything you need: From cold drinks, breakfast and fresh fruits to exciting ping-pong games up to numerous employer offers and benefits for gyms and sport programs.
