

MAPSTAR
EXPAND YOUR WORLD

FullStack Developer Frontend

(m/f/u)

Karlsruhe, Germany

This is Mapstar:

Our mission is for people to see the world as a place they can edit, build and play with. With Augmented and Virtual Reality, you can layer the real world with digital content anywhere. We are looking for motivated teammates. Support us as a FullStack Developer Frontend to create a new world.

Your Job:

You like integrating or building APIs, creating feature-rich front-ends for web applications for our users? Then Mapstar is the right place for you to create the AR cloud of tomorrow.

- You take the lead for the design, implementation and deployment of APIs, RESTful services and web applications
- Integrate features leveraging the power of top-to-bottom software stacks
- Design and develop services and web applications for the Mapstar AR cloud with APIs for our customers
- Create a management system for user profiles and user statistics
- Develop an In-App shop system to sell and buy items

Your Know-how:

- Here you can bring in all your strengths and create something new every day! For this we are looking for independent team players who take responsibility, think outside the box and for whom no challenge seems impossible
- Experience with serverless architectures, APIs and content management systems
- Experience with JavaScript, Node.JS, Three.JS/Babylon.JS, Angular.JS, NoSQL and MySQL databases, PHP, HTML, CSS, frameworks etc.
- Experience in E-Commerce or In-App Shops
- B.Sc./M.Sc. In Computer Science or similar areas

Your Benefits:

- Become part of a team full of energy and the spirit to break existing rules and make really new things possible
- Bring in your ideas and abilities, take responsibility early and grow together with us. We have big goals
- Flexible workplace - adapted to your needs
- Flexible organization of your working hours
- Regular team events
- Exciting environment in a fast-growing startup
- Lots of creative freedom
- Direct and open feedback to learn quickly and develop yourself
